ABOUT THE INSTITUTE

UTU has started a self-financed engineering college named as Chhotubhai Gopalbhai Patel Institute of Technology (CGPIT) in the year 2009 with the view of educating and train future professionals to lead in today's competitive environment. CGPIT offers Diploma, B. Tech., M.Tech. and Ph.D. programs in various disciplines.

ABOUT THE DEPARTMENT

Department of Computer Engineering and Information Technology was established with the objective of imparting quality education in the field of computer engineering. The department offers Under Graduate and Post Graduate courses in Computer Engineering and Information Technology and Diploma course in Computer Engineering. The department has highly qualified faculty members engaged in teaching and research with the aim of achieving excellence in the field of computer engineering. Department has well equipped laboratories with high-speed wireless infrastructure. The CGPIT Library consists of variety of books, magazines, journals, and seminar reports etc. which support the teaching, research and extension programs of the institute.

ABOUT THE WORKSHOP

Cloud computing is a type of Internet-based computing that provides shared computer processing resources and data to computers and other devices on demand. Cloud Computing is widely used in diverse areas. There are number of commercial cloud computing systems available today and yet there are many challenges in this field.

The goal of this workshop is to provide a platform for exchanging ideas and information on current research studies, challenges, system developments, and practical experiences in these emerging fields of Cloud computing and Virtualization.

The topics are as follows but are not limited to:

- Introduction of Cloud Computing
- Creating a Private Cloud
- Website Hosting
- Live Migration
- Azure Hands-on
- Amazon Web Services Hands-on
- Cloud Computing Fundamentals
