1.

Department of Electrical Engineering, CGPIT is organized One Day Workshop on "How to Write Thesis Using Application Software" on 6th September, 2014.

2.

Department of Electrical Engineering, CGPIT is organized Five Days Short Term Training Program on" Application of Power Electronics in Power Systems" during 15th to 19th December, 2014.

3.

Department of Electrical Engineering, CGPIT is organized Two Days Workshop on "Embedded System Implementation on 8051" during 27th to 28th February, 2015.

4.

Department of Electrical Engineering, CGPIT is organized Five Days Short Term Training Program on " Futuristic Innovation in Renewable Energy System", during 18th to 22nd January, 2016.

5.

Department of Electrical Engineering, CGPIT is organized Two Days Workshop on "Power System Stability Analysis" during 11th to 12th March, 2016.

6.

Department of Electrical Engineering, CGPIT is organized One Day Motivational Seminar on "Explore The Future As A Fresh Engineer" on 30th July, 2016.

7.

Department of Electrical Engineering, CGPIT is organized Three Days Training Program on "Hands On: Electrical Engineering Applications using Arduino and Matlab" during 4th to 6th August, 2016.

8.

Department of Electrical Engineering, CGPIT is organized One Day Workshop on "Energy Conservation Awareness" sponsored by Gujarat Energy Development Agency(GEDA) on 21st September, 2016.

9.

Department of Electrical Engineering, CGPIT is organized One Day Workshop on "Integration of Proteus and Arduino for Various Applications" on 23rd January, 2017.
