

## **Congratulations to B. Tech. Computer Engineering students who are placed in Leocan Technologies**

Date: 2<sup>nd</sup> August 2017

Leocan Technologies conducted campus drive at Uka Tarsadia University for recent technologies like PHP, Android, and iOS on 2<sup>nd</sup> August, 2017. The placement process was comprised of pre-placement talk, technical test and final interview as mentioned in below statistics,

<b>Rounds</b>	<b>Appeared</b>	<b>Selected</b>
<b>Technical Test</b>	27	7
<b>Interview</b>	7	2

The total strength of 27 students enthusiastically appeared in campus recruitment process, out of which following students are placed as a software developer in Leocan Technologies.

<b>Sr. No.</b>	<b>Student Name</b>	<b>Department</b>
<b>1</b>	Mr. Kelvin Bhavsar	Computer Engineering
<b>2</b>	Mr. Rutvij Patel	Computer Engineering

We, CGPIT and UTU family would like to congratulate all towards their success and wish to all for bright future ahead.

We, T&P Cell express our sincere thanks to our Head of department and faculty members for making this drive successful.

T&P Cell is working dedicatedly to provide the maximum placements to the aspiring students.
