

Communication Engineering Laboratory

B. Tech. (Electronics and Communication)
Department of Electronics and Communication
C. G. Patel Institute of Technology, Bardoli.
Uka Tarsadia University.

Communication Engineering Laboratory

Objective of Laboratory:

To have hands on training with different communication technologies and devices.

Student learning outcomes / objectives:

To have practical exposure to practicality of communication devices in real world.

Laboratory equipment

Well-equipped Laboratory

Laboratory equipment

Modulator and De-modulator kits

Laboratory equipment

Antenna Testing Kits

Laboratory equipment

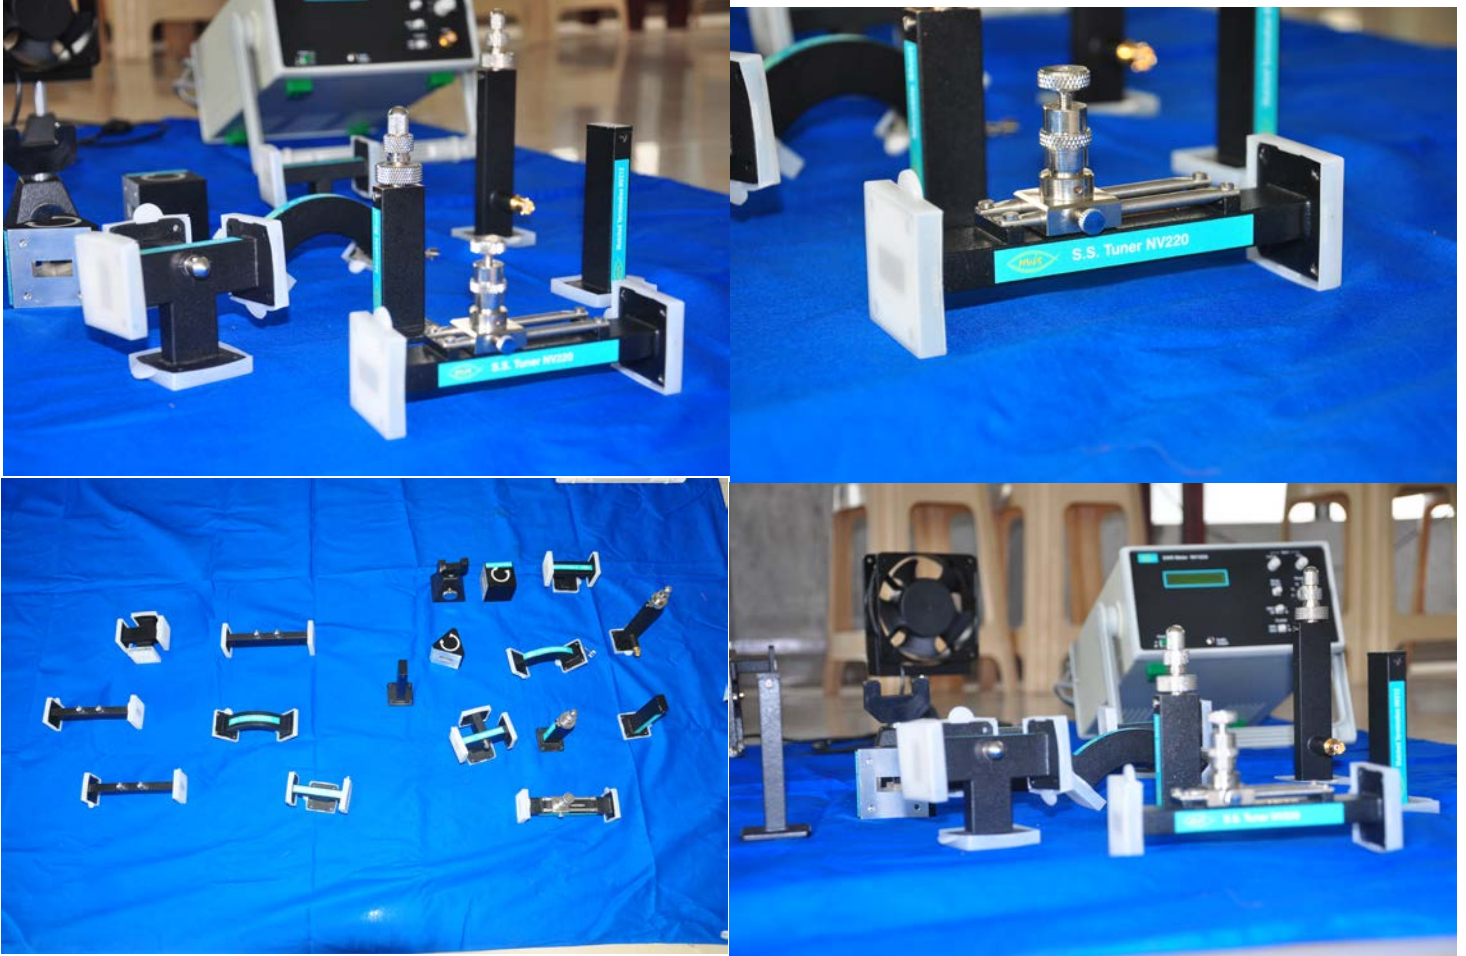

Mobile Trainer and Antenna Kit

Laboratory equipment

Different Microwave Laboratory Component

Laboratory equipment

Different Microwave Connectors and Power Supply

Laboratory equipment

Microwave Clystron kit
