c) Number of Application Received during last two years for admission under management Quota and Number admitted

Seats under management quota are surrendered to Admission Committee for Professional Courses (ACPC). No applications have been invited for management quota.

11. Admission Procedure:

a) Mention the admission test being followed name and address of the test agency and its URL

Students can gain admission in engineering college through the GUJ-CET or Gujarat Common Entrance Test conducted by the Admission Committee for Professional Courses (ACPC). It supervises and controls the admission process for all the professional courses. Since last year ACPC has been conducting online counselling for seats. GUJ-CET is open only to the candidates who belong to Gujarat. The ACPC ensures that admission in the government seats and management seats are made as per merit list prepared and no student is admitted against the management seats unless his/her name appears in the merit list. Once the candidates register online on a user-friendly portal: www.gujacpc.nic.in and fill in the necessary details, a provisional merit number is allotted with a specific date. A unique user-id and password is generated. The candidates are then able to see the choices available to him/her as per the eligibility so that they can fill the choice of their institute and preferred course and also set their priority. The choice of participating in subsequent counselling rounds is also possible provided the candidate

gives a consent. The final allotment of seats and the applicable fee, information letter etc. is all possible on the same portal.

b) Number of seat allotted to different test qualified candidate separately
