

DEPARTMENT OF CIVIL ENGINEERING

Students' achievement

The Department of Civil Engineering organized two days Training Workshop on “Open Source GIS” on 26th & 27th July, 2019. The main aim of the training workshop is to train the students about use of QGIS software. Students have actively participated and prepared their maps based on their field survey data in QGIS during the practical session. This workshop was organized in collaboration with LGeom Pvt. Ltd., Ahmedabad. LGeom Pvt. Ltd. has given opportunity to the students of Department of Civil Engineering for internship and assigned different zone of Surat City for survey. Students have successfully completed this challenging work. LGeom Pvt. Ltd. not only issued certificates but offered attractive stipend to students for this work. The list of students got stipend from LGeom Pvt. Ltd is shown below:
