

Mr. Yati R. Tank presented research papers at 54th IGC- 2019.

Mr. Yati R. Tank, Assistant Professor from Department of Civil Engineering have presented two research paper entitled “**Experimental Study of Ugat Canal Soil for Slope Stability**” and “**Influence of Textile Polyester Waste Fiber on Strength and Sub grade Properties of High to Low Plastic Clay**” at 54th Indian Geotechnical Conference (IGC- 2019) organized by Indian Geotechnical Society in association with NIT- Surat during 19-21 December, 2019. Both the research papers will be published in Springer Series “**Lecture Notes in Civil Engineering**”.

Conference Name:	54 th Indian Geotechnical Conference (IGC- 2019)
Venue:	Indian Geotechnical Society in association with NIT-Surat at Hotel Marriot, Surat.
Paper Titles:	I) Experimental Study of Ugat Canal Soil for Slope Stability II) Influence of Textile Polyester Waste Fiber on Strength and Sub grade Properties of High to Low Plastic Clay
Dates:	19-21 December, 2019
