

B.Tech. Information and Communication Technology (ICT) Course Flow Chart

***Program Elective-I**
 Optical Communication Systems
 Digital Image Processing
 Introduction to Verilog HDL
 Programming with Java

***Program Elective-II**
 Speech Technology
 Web Technologies
 Digital VLSI design
 Programming with Python

***Program Elective-III**
 Wireless Communication
 Pattern Recognition
 Digital System Design
 Digital System Design
 Mobile App. Development

***Program Elective-IV**
 Embedded System Design
 Network Security
 RF Design
 VLSI Physical Design

***Program Elective-V**
 Satellite Communication
 Big Data Analytics
 Cloud Computing
 Fundamentals of Data Science

***Program Elective-VI**
 Soft Computing
 Parallel Processing
 CMOS Analog Design
 Blockchain Technology
