R&D Center

Our state-of-the-art R&D centre in Mumbai has made great strides, since its inception in 2000

- Approved by the Department of Scientific and Industrial Research, Government of India, it facilitates the development and quality up-gradation of safe and efficacious formulations. With a team of over 1000+ researchers, scientists, IP and legal experts, we have thus far successfully filed a number of dossiers and approvals across markets in Europe, Malaysia, USA, South Africa, Brazil, etc.

Bioequivalence Center

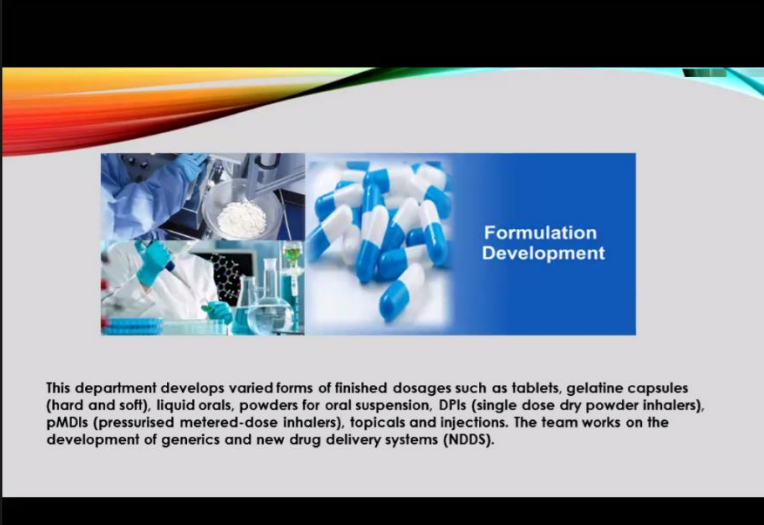

A clinical research department of international repute, our bioequivalence centre meets the growing needs of quality drug production. Set up in 2005, it has since then successfully carried out over 2500 studies and validated analytical methods for over 200 molecules. Approved by CDSCO, accredited by DSIR, India, the centre is also routinely inspected by various Indian and international regulatory bodies such as USFDA, WHO, MHRA, NPRA-Malaysia, ANVISA, MCC and GLP-Thailand, and is equipped to work across clinical, bio-analytical, pharmacokinetic and statistical services.
