ABOUT UNICEF CAMPUS KNOWLEDGE INITIATIVE:

- **YUVAA**

Yuvaa, is a socially conscious youth media, data insights, and community engagement platform that aims to empower young people across India by listening to, engaging with and sharing their stories. You can find us on www.instagram.com/weareyuvaa and www.youtube.com/wereyuvaa

Yuvaa's aim is to make the youth of India less alone. India is facing the largest youth mental health crisis in the world today, and that's because we don't understand our youth **because we don't listen to the youth**. Yuvaa wants to empower young people by giving them a platform to share their thoughts and stories because stories bring empathy, and stories lead to catharsis.

- **UNICEF CAMPUS KNOWLEDGE INITIATIVE**

UNICEF India's socially conscious initiative is to speak and listen to GenZ and make them more inclusive towards marginalized communities in Gujarat. We shall cover various themes such as digital advocacy, mental health, child marriage, child labour, gender issue, 21st Century skills, etc.

We shall provide internships to 10 students at UNICEF INDIA from each college.
