### <u>DAY 1</u>

#### Dt: 12/09/2022

The student induction program for B.Tech/M.Tech 1<sup>st</sup> year newly admitted students was initiated by lamp lighting & Ganesh Vandana in the form of dance performed by one of the UTU student Mr. Cherish Patel. The session was hosted by Mrs. Palak H. Desai Asst. Professor from Mechanical Engineering Department. About 700 students, some of them with parents were reported for this program.

As per the university tradition the UTU anthem was played and after the anthem the chief guest of this inauguration ceremony Shri. Chandubhai Virani (Founder & Managing Director, Balaji Wafers Pvt. Ltd, India) was escorted to the dais by Dr. Chinmay Desai, Registrar UTU, Director CGPIT Dr. Manoj Gundalia, accompanied by directors of various institutes. The welcome speech was given by Director Dr. Manoj Gundalia. The registrar UTU Dr. Chinmay Desai and heads of various department also blessed them with their short speech.

The chief guest of the session Mr. Chandubhai Virani addressed the students about the faith, the teamwork by narrating his own story of success in Balaji wafers company. The importance of humanity in life was explained through examples. He described the success achieved by Balaji Company by combining automation and quality and motivated the students with his speech. He also greeted students and wished best of luck for their new journey and bright future.

The Inaugural ceremony was concluded around 10:55am. The convener of the induction program Ms. Snaa Mistry greeted him with flower pot as a token of love and the memento was presented by Dr. Manoj Gundalia, Director CGPIT.

The first session of the induction program was "Know your University", conducted by Prof. Parth Parmar, Asst. Professor CGPIT. The campus and the various amenities available in campus were introduced by Mr. Parth. Also, the virtual campus tour through video documentary prepared by Media team students was presented. The Lucnh break declared between 12:00-01:00pm.

The afternoon session started at 01:00 pm in the open campus of Uka Tarsadia University. Prof. Krutarth Patel conducted the session and provided the opportunity to all the new students to explore tranquility, serenity and beauty of the university campus through some physical activities.

# Some glimpse of Day 1.....

#### <u>DAY 2</u>

#### Dt: 13/09/2022

The second day of student induction program started at 09:30 am with UTU anthem. It was hosted by Prof. Jayeshkumar Parekh from Automobile engineering department. The students were introduced about Universal Human values. The Session was divided in two parts like "The Basic aspiration of human being" and "The Role of education in holistic development". The first part speaker was Registrar UTU Dr. Chinmay Desai who concluded the session with the fact that the basic aspiration of the human being is the happiness and prosperity in abundance. The second part of the session was handled by Prof. Jayeshkumar Parekh. In which the transformation from animal consciousness to human consciousness with right understanding and appropriate skill was explained. For the desired skill the education plays very important role.

After the conclusion of the UHV session at 10:45am the Provost, UTU Dr. Dinesh Shah sir addressed the students and motivated them. He instructed the students to develop leadership, communication skill, entrepreneurship in the four-year journey of their education.

The second module of morning session was about Training and Placement activities in UTU. The session was handled by T&P head Prof. Manish Nakrani. In this session students were introduced with the T&P page of UTU website. Also, students were informed which are the basic skills the students must develop during their engineering study. He discussed about the various companies who has visited the campus for the Placement. He also discussed the eligibility criteria for the placement. Explanation regarding career guidance through Mock Interviews, Group discussion, Presentations was discussed by him in the Session. He discussed about Internships, Collaborations done by the university with various companies. The basic information of various internship activities, internShala of Govt. of Gujarat etc. were given to students. The session concluded at 12:00 pm followed by lunchbreak.

The Module of Examination pattern and process started at or:oopm. The Controller of examination (COE) UTU Dr. Jitesh Parmar explained the examination portal i.e. Certain examination rules and regulation like how CGPA are calculated, how credits are earned, UFM rules, detain rules, Exam Form filling, seating arrangement, how to download hall ticket and further informed students on how they can get the information from the website. He also briefed about result section. He also explained student portal tab and Student corner tab from university website by giving live demonstration.

The final session of 2<sup>nd</sup> day induction program was conducted by Prof. Zaki Shekh regarding "Knowing yourself is the true wisdom & Mastering yourself is the true power" followed by some musical activities in which various students showcase their talents.

#### <u>DAY 3</u>

#### Dt: 14/09/2022

The third day morning session was started at 09:30am with science talk given by Mr. Jayesh Jariwala (Design Manager, Himson Engineering). He explained the drawback in establishing non-conventional energy sources in terms of utilization of coal energy for establishing the same. The students participated eagerly in question answer session. At the end of the talk Prof. Srinivas Mundker presented letter of appreciation to Mr. Jariwala.

The scholarship and international collaboration module were conducted by Prof. Hiren Shah from Automobile Engineering CGPIT at 11:00am. He explained about various scholarships schemes from government which are available for students like MYSY, MOMA, Pragati, etc. He explained the concept of TFWS (Tuition fees wavier scheme) to the students. He also explained how to apply for this scholarship schemes through the website, what are the documents required and what are the eligibility criteria for various scholarships. Also, he discussed about the scholarships for SC, ST category students. He also explained about the MOU's with different foreign universities which helps students for higher foreign studies. The session concluded at 12:00pm followed by lunch break.

The afternoon session started at on:oopm. The session was based upon entrepreneurship. The social activist, national awards winner and entrepreneur Shri. Viral S. Desai (CEO, Zenitex, Environmentalist & Philanthropist) conducted the session. His motive was to make students understand the importance of WHY and they should encourage the people doing service for society more than the celebrities that just entertains us. Mr. Desai encourage tree plantation in Surat, Udhna railway station was renovated by him as a tribute to our martyrs. Mother Earth can protect us from most of the disease with this idea he started his journey as Greenman and he observed that cancer was seen very less in the people amongst Dang belt in his survey.

At the end of the session Prof. Palak H. Desai presented the letter of appreciation and Prof. Snaa Mistry presented the memento to the Guest speaker.

# Day 3.....

# Day 3.....

# Day 3.....

#### <u>DAY 4</u>

#### Dt: 15/09/2022

The fifth day first morning session was about a new era for Entrepreneurs & Startups. The alumni students of CGPIT recently presented themselves on a National Television show Shark Tank, India with a business idea of health food. The same team under the leadership of Mr. Umesh Gajera proud alumni of CGPIT were present around 09:30am on the dais to motivate the new admitted students. From the beginning how they get ideas, how they made team, which struggle do they passed, the whole journey of Alpino health food products they described them as a case study. They suggest all the students to be clear about the goal and the right path to achieve the goal. During the question answer session many students participated and asked their doubts and queries. At the end of the session the latter of appreciation was presented by Prof. Naitik Patel and the memento was presented by prof. Snaa Mistry and Prof. Jayesh Parekh to the guest Mr. Umesh Gajera and his team. Mr. Gaurav Gadhesaria asst. professor of Mechanical engineering recall the memories with these students.

The second half of the morning session was conducted by Dr. Krunal Patel Director MBA. He covered the topic "Learn management with engineering". The management of time and resources can optimize the work of engineer's which was the outcome of the session. Here also students actively participated in the Q&A session. The lunch break was declared between 12:00-01:00pm.

The afternoon session initiated around o1:00pm. The main speaker of the session was Ms. Dhruti Nicholas (HR Inkey, IT Solution). Being a HR person and having 13+ year of experience in the same field she explained the students the strategies adopted by various industries for the selection of right candidate for the company. Instead of dreaming only she suggested to plan for the fulfillment of one's dreams. At the end of the session the flower pot as a token of love was presented to speaker by Prof. Jeni and a memento was presented by Ms. Snaa Mistry and the organizing team.

# Some glimpse of Day 4.....

### <u>DAY 5</u>

#### Dt: 16/09/2022

The fifth and the last day of this induction program started with the session Basic First Aid & Cardio Pulmonary Resuscitation around 09:30 am. The session was conducted by Dr. Manjunath Beth (Associate Professor, MBNC). In this session the students get information about cardiac arrest, the heart attack, the choking condition for any human being. The demonstration of all this situation was carried out and using dummy how one can give CPR was demonstrated. Afterwards the same thing was repeated by the students to get practical knowledge. The knowledge was given for both the case like elders and infants. Here also in the Q&A session the students took part actively and get cleared their queries. At the end of the session the speaker Dr. Manjunath was presented the letter of appreciation by Prof. Arjun Jariwala.

As to accommodate the necessity of the arrangement the Valedictory function was anticipated in the morning session in which Certificate were distributed to volunteers who presented themselves dedicatedly and offered their services. Also, the program coordinators were presented a gift as a token of appreciation. Among the participating students some of the students were given prizes for their active participation in program. The valedictory ceremony ended followed by the group photo session around 12:00pm. The lunch break was declared between 12:00 to 01:00pm.

The afternoon session begun around on:oopm. The session was conducted by Prof. Bhavik Sarang (Assistant Professor, BMIIT) on the topic "Discover Your Passion with Uka Tarsadia University". Here the students were introduced with the various club activities like dance, music, theatre, poetry, media etc. With study he also explained the possibility to carry out extracurricular activities in the campus of UTU.

The last session was about self-defense "Introduce yourself to in-house Self Defense Program" offered by UTU. The international trainer Shri. Vinod Bamaniya (Coach, Karate 4th Dan Black Belt) gave Practical training to first year students. He demonstrated various situation in our daily life were the self-defense can save our life. He also gave training to the girls with the use of dupattas. The students volunteer understood the basic techniques of defense and learn the same.

At the end of this session the students were requested to fill the online feedback form using their own mobile. Prof Palak Trivedi (Assistant professor, CGPIT) assisted the feedback form filling activity.

### Special Visit to the Historical Place

After introducing the University campus in induction program, the students were made aware of the historical importance of the Bardoli village nearby which the university campus is situated. On 23rd of November the special visit was organized for newly admitted students for Bardoli Swaraj ashram and the Sardar Patel National Museum.

Bardoli Swaraj Ashram is the place where Sardar Vallabhbhai Patel used to stay during farmer's protest movements BARDOLI SATYAGRAH in 1928 against the British Government and from where he was organizing various meeting against intolerable increase in revenue. Bardoli became nationally famous and became a landmark on the road to India's independence and its leader Vallabhbhai became an immortal Sardar. Due to this movement Vallabhbhai Patel is addressed as "SARDAR".

To immortalize memories of Bardoli Farmers Movement, On January 22nd 1981 opened the museum for general public. This museum, introduces us with life and personality of Sardar Vallabhbhai Patel along with descriptions of historical events of farmers movements of Bardoli of 1928.

The students Visited both the places. The students also met with Dr. Smt Niranjana Behn who is lifeline of the Ashram. Maaji Niranjana Behn has been living in the Ashram for 80 yrs. Her Gandhian parents had dedicated themselves to Sardar's work at Swaraj Ashram & she spent her childhood often in Sardar's company.

Through the exhibition of this museum, the students got a vivid picture of the memories of Sardar Shri Vallabhbhai Patel and at the same time try to understand the inspiring history of Bardoli.
