A REPORT ON

Expert Talk

On

Understanding of Deep Neural Network Architectures, 21st March, 2023

Organizing Department	Department of Computer Engineering and Artificial Intelligence and Data Science
Convener	Ms. Vibha Patel
Coordinator	Ms. Shivani Vora
Organizing Committee	
Target Audience	6th semester Students of CE & AIDS department
Total Number of Participants	165
Date of Programme	21st March, 2023
Invited Speakers	Mr. Vivek Joshi, RONGPIT, Bardoli

Expert talk was delivered by Prof. Vivek Joshi, Head of Information Technology Department, RONGPIT, Bardoli. He delivered talk on “**Understanding of Deep Neural Network Architectures**” on **21st March, 2023 at Shrimad Rajchandra Hall, SRIMCA, UTU.**

He discussed Convolution Neural Network in detail with its applications. He also gives Introduction to Sequential Deep Learning Models. Mr. Vivek Joshi shared his expertise and experience in the field of work was an excellent addition to the session as many of participants learned from his work in the domain.
