Report on Project Exhibition 2023-24

Date: 10/04/2024

Venue: B-202 & C-202, Department of EC and ICT, CGPIT

Time: 10:00 AM – 01:30 PM

Total No. of Participants: 18

Name of the Jury: Mr. Rakesh Savant

(Assistant Professor, BMIIT, UTU, Bardoli)

Event Coordinators: Mr. Chintan Desai, Dr. Mayank Kapadia

Program objective: To implement the design module and apply it in the core engineering field and products.

Program outline: The project exhibition was arranged in such a way that students can show, understand and explain the implementation and applications of the project work they have carried out during the semester.

Program outcomes: Participants understand the basic fundamentals, performs hands on practice and trouble shoot the problems in preparing a software model and the project work.

Schedule of Events:

Time	Activity
10:00 AM –10:05 AM	Introduction of the Jury Member

Details of the Project Exhibition:

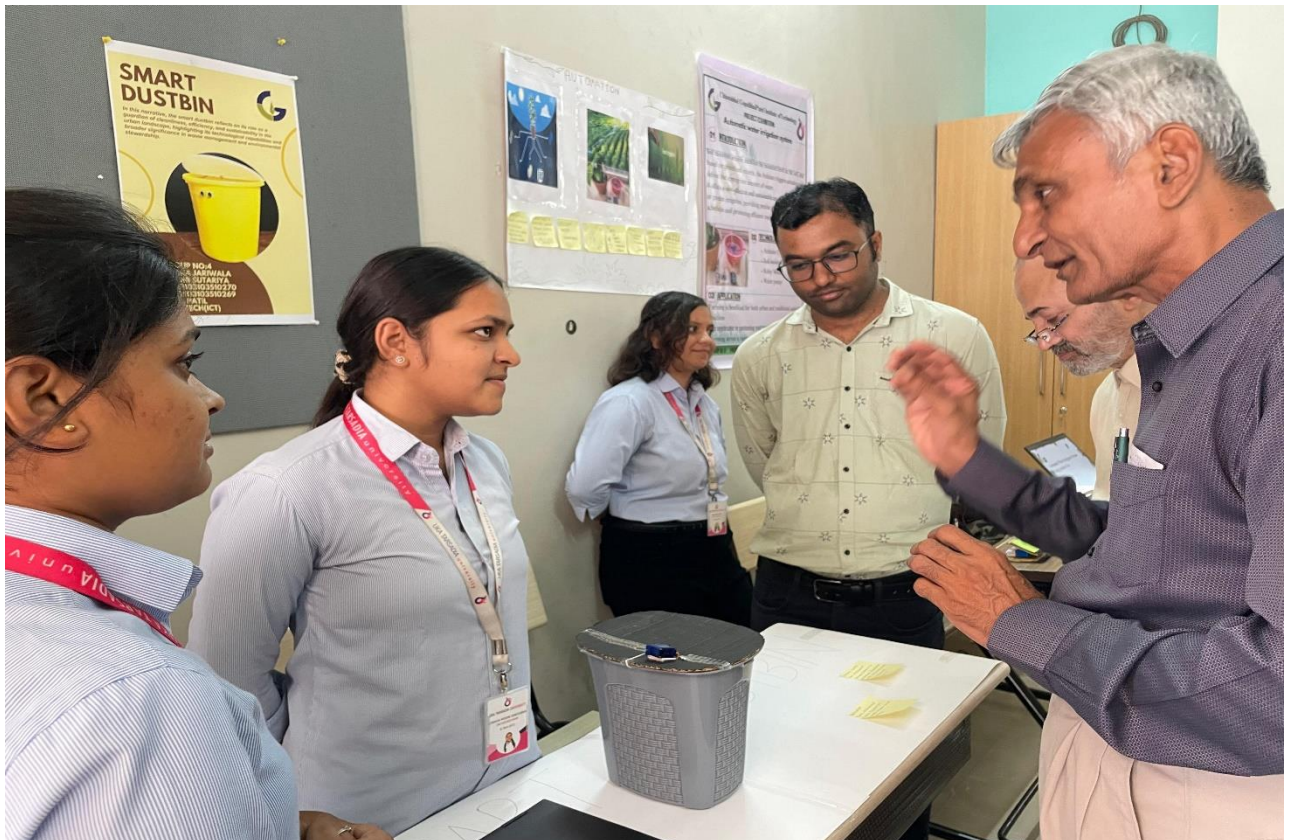

The main objective of the project exhibition is to make EC and ICT Engineering students familiar with the presentation of their project, to make them familiar with various softwares, to provide students a more practical approach, practical implementation of theoretical concepts and fundamentals into their project work, to understand the applications of their project work, to make them prepare for industrial requirements and industry based projects.

Prof. Rakesh Savant, Assistant Professor, BMIIT, Uka Tarsadia University was invited as a jury member for the project exhibition of EC and ICT engineering. He evaluated and examined all the projects prepared by the students and shared his ideas and suggestions for the future scope.

Prof. B.M.Vadher – Director, CGPIT, Prof. Vijay Shah – Director Diwaliba Polytechnic, Dr. Mayank Kapadia – Head of the Department, EC and ICT Engineering, The Jury Member – Prof. Rakesh Savant, Prof. Chintan Desai –Coordinator of project exhibition, Prof. Nita Patil and Prof. Nupur Pathak encouraged students and provided their valuable guidance and suggestions to all the students for carry forward their project work which can be applicable and useful to the society and makes our daily needs more comfortable and easily available.

Concluding Remarks:

- The project exhibition was successful and very informative. Students of EC and ICT engineering interacted with the jury member very well and discussed the problems, questions and queries raised during the demonstration of the project work.
