CHHOTUBHAI GOPALBHAI PATEL INSTITUTE OF TECHNOLOGY, UTU

Department of Computer Engineering and Artificial Intelligence & Data Science

A REPORT of an Interactive Session

On

"Learning by Doing – Participation to Hackathons", 1st August 28, 2024

Organizing Department	Department of Computer Engineering and Artificial Intelligence & Data Science
Coordinator	Dr. Anshuman Kalla
Target Audience	B.Tech. 3rd and 5th semester students of CE and AI&DS department
Total Number of present students	240
Date of Programme	1st August 2024 9:30 AM to 10:30 AM
Speakers	Dr. Anshuman Kalla and a team of students: Rishabh Amar, Abhay Pandey, and Nitin Singh of final year B.Tech. AI&DS, CGPIT

Students of the Department of CE/AI&DS, CGPIT: Rishabh Amar, Abhay Pandey, and Nitin Singh of final year B.Tech. AI&DS, CGPIT got shortlisted and participated in the Hackathon Finnovate 2024 at Indian Institute of Technology (IIT) Gandhinagar from 7 to 8 July 2024. Rishabh Amar (with his team members from other institutes) won the first prize in the hackathon Finnovate 2024.

In this context, department has organized an interactive event "Learning by Doing – Participation to Hackathons" for 2nd and 3rd year Computer Engineering students (total 240 students) where these final year students have shared their learning experiences.

Agenda of the session is to ignite young minds so that more such participations can happen in future.
