

REPORT ON INDUSTRY EXPERT SESSIONS

Full Stack Development Training Program | September – October 2025

1. Executive Summary

The Department of CE/AI&DS and IT/CS at Chhotubhai Gopalbhai Patel Institute of Technology (CGPIT), in active collaboration with the Training & Placement Cell of Uka Tarsadia University, successfully organized a comprehensive four-week training series on Full Stack Development. The program was specifically designed for 3rd-year undergraduate students to bridge the gap between academic curricula and industry requirements.

With the official approval of Hon. Director Sir, Prof. B. M. Vadher, and through coordination with the T&P Coordinator, the expert training sessions were delivered by Matlab Infotech over four consecutive Fridays, concluding on October 03, 2025.

2. Program Specifications

Feature / Parameter	Details
Program Title	Full Stack Development Sessions
Organizers	Department of CE/AI&DS & IT/CS in association with T&P Cell, UTU
Host Institute	Chhotubhai Gopalbhai Patel Institute of Technology (CGPIT), UTU
Industry Partner	Matlab Infotech
Resource Person	Mr. Hardik Beladiya (CTO, Matlab Infotech)
Target Audience	3rd Year Students (CE / AI&DS / IT / CS)
Venue	PT Hall, CGPIT Campus
Time	10:00 AM to 4:00 PM (Full-day sessions)
Session Dates	12/09/2025, 19/09/2025, 26/09/2025, 03/10/2025 (4 Fridays)

3. Key Highlights & Outcomes

- Industry Integration:** The training was led by Mr. Hardik Beladiya, Chief Technology Officer at Matlab Infotech, providing real-world context and technical expertise.

- **Practical Learning:** The structured, interactive teaching approach emphasized hands-on practice, technical skills development, and insights into modern web/software development workflows.
- **Student Impact:** Participating 3rd-year students enhanced their technical capabilities, gained clarity on full-stack architecture, and boosted their confidence for upcoming industry placement drives.
- **Formal Recognition:** Upon completion of the final session on October 03, 2025, Prof. B. M. Vadher, Director of CGPIT, formally extended heartfelt appreciation to Mr. Hardik Beladiya and Matlab Infotech for their dedication and impactful delivery.

4. Annexure: Formal Letter of Appreciation

Date: October 03, 2025

To,

Mr. Hardik Beladiya

CTO, Matlab Infotech

Subject: Appreciation for Conducting Full Stack Development Sessions

Dear Mr. Hardik Beladiya,

On behalf of the Department of CE/AI&DS and IT/CS, Chhotubhai Gopalbhai Patel Institute of Technology and Training & Placement Cell of Uka Tarsadia University, we extend our heartfelt gratitude to you for successfully conducting the Full Stack Development Training Sessions for our 3rd Year students over the span of four consecutive weeks.

Your valuable guidance, in-depth knowledge, and interactive teaching approach have provided our students with not only technical expertise but also practical insights into industry practices. The sessions were highly impactful and have significantly contributed to the enhancement of our students' skills and confidence.

We sincerely appreciate your dedication, time, and efforts in making these sessions meaningful and fruitful. Your contribution has created a lasting impression and motivated our students to pursue excellence in the field of software development.

We look forward to your continued support and collaboration in the future for more such knowledge-sharing sessions.

With warm regards and sincere thanks,

Sincerely,

Prof. B. M. Vadher

Director, CGPIT | Uka Tarsadia University, Maliba Campus
